Mrs Shambrook’s and Mrs de Ruiter’s class presented a Dreamtime story about Tiddalik the frog. Tiddalik was a very thirsty frog. He drank all the water in the lakes, streams and rivers. The landscape was dusty and dry. To get the water back from Tiddalik the animals had to make him laugh. They tried every joke they could think of. It wasn’t until Tiddalik saw an animal he had never seen before that he laughed without stopping. And that animal was the platypus.
